Continuing Internship Provider Request Form

Overview

This form is to be used to qualify an internship previously approved for this student for another trimester. The form includes an evaluation by a department chair or core faculty member of the university if there have been any changes to the title or duties involved in the internship.

In order to qualify as a proper placement, internships must offer an opportunity to advance a student in his or her degree program through an appropriate experience. For students attending ITU on an F-1 student visa, they must also meet the standards to authorize Curricular Practical Training (CPT).

Internships must not be obtained for the sole purpose of earning money, nor can their objective only be for gaining work experience. Furthermore, an internship cannot result in the delay of a student making satisfactory academic progress in a graduate degree program. For students attending ITU on an F-1 student visa, the student will jeopardize his or her immigration status if an internship disrupts or otherwise delays a graduate program beyond the period indicated on page one of the student's I-20.

STEP 1 – Student section (continued): Complete the information requested below

Are there any changes in the title or duties related to this internship since last term?

If “Yes”, please write the description and goals below. Otherwise, proceed to “Confirmation”.

Description of Changes to Internship (in 3-4 sentences, describe what you will do for the provider)

New Internship Goals & Objectives (list 3-4 educational objectives that are confirmed in the offer letter)

Confirmation of terms and conditions by student

To the best of my knowledge, I have fulfilled the eligibility requirements to participate in ITU’s internship program. I understand that if I have not met these requirements, I may be asked to take additional steps to fulfill those requirements or, in some cases, my application may be denied.

I have read, understand, and agree to abide by ITU’s internship policy. Furthermore, I understand and acknowledge that an approved internship will be reduced to part-time or cancelled if my cumulative GPA falls below 3.0 or I earn a “No Pass (NP)” grade for INT 593, that my credits for INT 593 will be reduced or dropped and, if I hold an F-1 student visa, that I may need to enroll in another course to remain in full-time status.

STEP 3 – Evaluation & Approval of faculty advisor (if there were changes to the internship)

Relationship between Internship Changes & Student's Graduate Program (confirm and describe below)

An internship must advance the student in his/her graduate program in a specific and definable way, be an integral part of an established curriculum, and be directly related to the major area of study.

Students attending ITU on an F-1 student visa: Paid or unpaid internships for these students can only be allowed through approval of Curricular Practical Training (CPT).

- ☐ **Employment for the sole purpose of gaining money/experience is an inappropriate use of CPT.**
- ☐ **Students must enroll in an approved internship class to qualify for CPT. Other academic classes or "independent study" classes cannot be used to qualify for CPT.**
- ☐ **CPT must not delay completion of an F-1 student's graduate program.**

As the student's Faculty Advisor, I hereby certify that I understand the eligibility requirements for CPT as outlined above, including those related to authorizing Curricular Practical Training (CPT). I understand that the requested internship must either be on ITU's approved list or cleared through submission and approval of an Internship Evaluation Form.

To the best of my knowledge, all the information submitted by the student is accurate and correct. I have read the **Offer Letter from the Internship Provider** and I consider the opportunity offered to the student to be an integral part of the student's curriculum.
